Reception

Functional, visually pleasing and quality made, Colecraft makes reception desks that are part of a beautiful offering of furniture. We offer multiple shapes, and sizes that can be specified to fit in any reception area. The reception product can be created from a combination of woods and laminates, and can be accented with stone, overlays, metals, glass or any material to meet your design needs.

This is just the beginning of what we can create for you. Modifications can be made to meet your space requirements, storage needs or budget to create the perfect design centerpiece in your office.

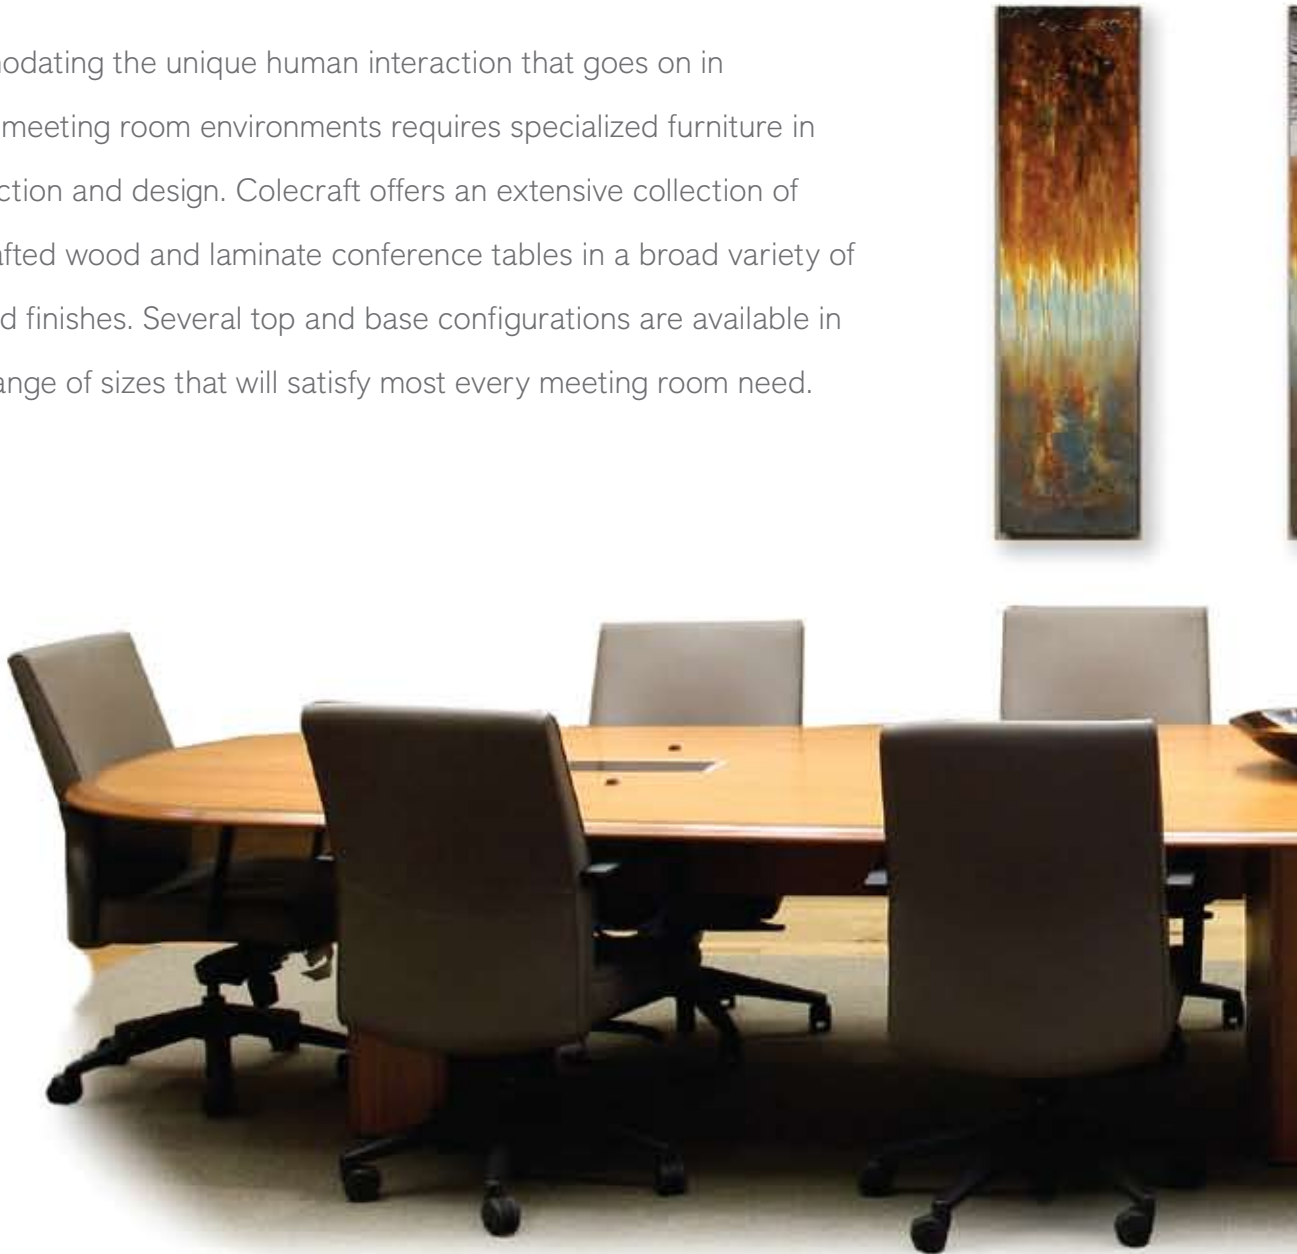

Desking

Colecraft's Desk Solutions© is a revolutionary new approach in private office desking that allows designers and specifiers to simply and easily provide a client with the specific desking solution required to meet their unique needs. In these days of overwhelming choices, we have taken the decision-making process to a simple core of building blocks that allow the customer to create hundreds of unique combinations.

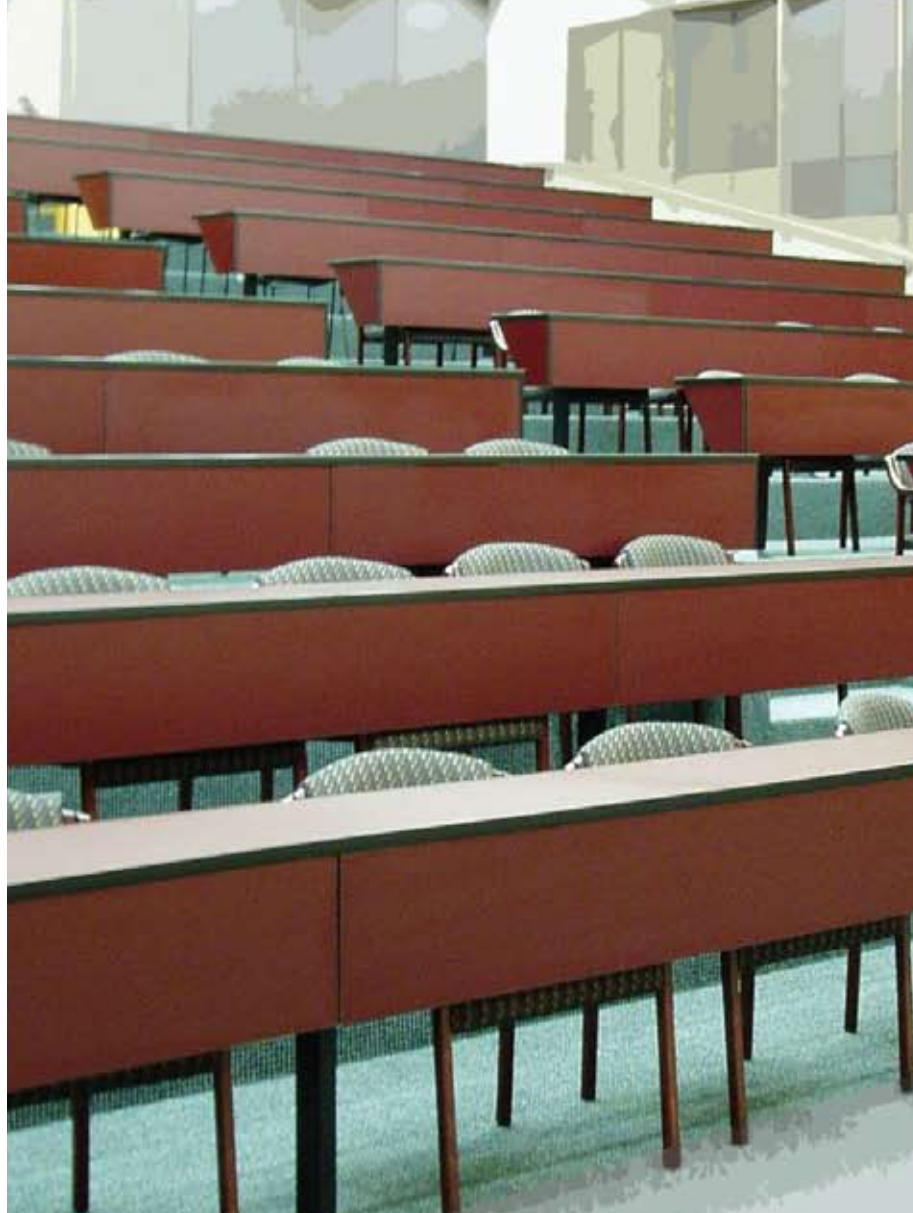

Conference

Accommodating the unique human interaction that goes on in different meeting room environments requires specialized furniture in both function and design. Colecraft offers an extensive collection of finely crafted wood and laminate conference tables in a broad variety of styles and finishes. Several top and base configurations are available in a wide range of sizes that will satisfy most every meeting room need.

Project Solutions

Colecraft Custom Designer[®]

Colecraft offers thousands of standard commercial furniture solutions across a wide range functions, styles, finishes and price points. Chances are you will be able to find the right furniture product to meet your requirements from within these popular offerings, but if not, we are happy to customize any of these products to your exact requirements. We accomplish this through a process unique to Colecraft that we call “Colecraft Custom Designer[®]”.

What is Colecraft Custom Designer[®]?

Colecraft Custom Designer[®] is an exclusive process developed by Colecraft that provides for the simultaneous design, engineering and re-specification of Colecraft Furniture to your requirements. In many cases this process can be completed while you watch and participate with input via Go-to-Meeting. Colecraft now provides quick and easy customization of any standard design. Product size, scale, configuration, materials, finishes and features are all accommodated to your unique requirements.
